MEMORANDUM FOR: Director, FBIS  
THROUGH: Chief, Operations Group  
SUBJECT: Monthly Report--Okinawa Bureau--April 1982

I. GENERAL

We received official word through State Department channels that effective 4 April the post allowance for Okinawa (the Consulate as well as the Bureau) was reduced from five percent to zero. The reduction was anticipated, as the yen had been gradually dropping in relation to the dollar in recent months. By the end of the month a reversal of this trend began and it is conceivable the post allowance could be restored.

II. OPERATIONS

A. Monitorial/Editorial

1. On 12 April we began filing a weekly Russian television program preview for the week from Moscow GOVORIT I POKAZYVAYET MOSKVA. Normally we receive the paper no later than Monday of the programming week, earlier than London gets its copy. So far the preview has been well received by both London Bureau and Analysis Group. The preview has helped in coordination of coverage between the two bureaus responsible for Russian television.

2. Bureau coverage for the month was highlighted by the dissemination on 27 April of the PRC's draft revised constitution. It emerged from the 23d session of the NPC Standing Committee, which also featured a report by Premier Zhao Ziyang on 26 April on simplifying and restructuring the PRC central government. The text of the draft revised constitution was filed in 16 takes in time for the 28 April DAILY REPORT.

B. Communications

We have received two 674 Wire Line Modems which will be part of the MODE V upgrade (noted in last month's report). These two units, along with the Inteq controllers and the Extel AH-11 printers, have now been tested on-line to Guam ASC and the bureau has received a return service message attesting to the system's line synchronization.

C. Technical

1. The new [ ] motor was received and installed, replacing one which appeared to be near failure. STAT
